Flock Private Remote Sensing License: Public Summary

On 16 November 2016, the Commercial Remote Sensing Regulatory Affairs Office of the National Oceanic and Atmospheric Administration (NOAA), an agency of the Department of Commerce, granted an amended license to Planet Labs Inc. to operate a private, commercial, space-based, remote sensing system consisting of the launch of up to 600 Dove satellites (collectively known as the Planet “Flock” constellation). This license amends the one granted by NOAA on 5 October 2016. The Dove satellites are licensed to collect images of the Earth and will operate in Low Earth Orbit.
